Promoting Positive School Climate Scope and Sequence District Implementation Team (January 2019)
 Michigan's Integrated Behavior and Learning Support Initiative (MIBLSI) is a Grant Funded Initiative (GFI),
 funded under the *Individuals with Disabilities Education Act* (IDEA) through the Michigan Department of Education.

In addition to the professional learning sessions listed above and the school-level scope and sequence document, at least one person from the district must attend data coordinator trainings. MIBLSI will help the district to select the right person and timing to attend certification training.

MIBLSI periodically reviews and revises the scope and sequence and professional development materials in order to ensure the highest quality training and supports. This will result in durable, sustainable implementation of School-wide PBIS with fidelity that will lead to improved student outcomes. In the event of proposed changes, partners can expect communication regarding why and strategic planning to support transitions.

Data Coordination Role	Support Function and Training Format
PBIS Assessment Coordinator	Use of PBIS Assessment, including the SWPBIS Tiered Fidelity Inventory (elementary and secondary) Format: 1-2 hour webinar continuously available
SWIS Facilitator	SWIS Licensing and Coaching (elementary and secondary) Format: 2.5 days in person, offered two to three times per year
SRSS Coordinator	Installation and Ongoing Coaching for SRSS (elementary and secondary) Format: 1 day in person, offered at least once per year
