New Resources

Fidelity Video

MIBLSI has developed a brief (12-minute) module, hosted by Michigan Virtual University, about [Measuring Implementation Fidelity at the School Level](#). This new resource may be helpful for coaches, principals, and leadership team members to review prior to the spring administration of the Reading Tiered Fidelity Inventory and SWPBIS Tiered Fidelity Inventory

Reading Tiered Fidelity Inventory Facilitator Module Update

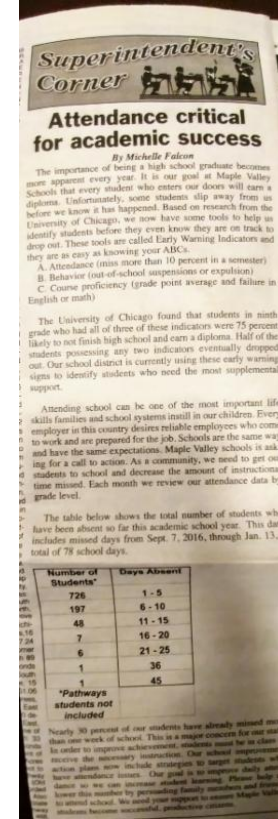

The R-TFI module has been revised in Michigan Virtual University's Professional Learning Portal. The revised module includes updated information and guidance, interactive features, and the ability to navigate through the module at a more individualized pace. Anyone facilitating the R-TFI should complete this certification module first. It takes 1.5-2 hours to complete. All individuals certified prior to the release of the updated module will retain their certification status. However, current R-TFI Facilitators might be interested in accessing this updated module.

District Communicates EWI Data to the Community

Maple Valley Schools began using Early Warning Indicators (EWI) in the fall of 2015 for universal screening within their secondary schools. The district quickly realized attendance was an area of need. To highlight the work and success the district has been having using the Early Warning Indicators for action planning around attendance, the Superintendent shared their work in the local newspaper.

Click [HERE](#) to see the full text of the article.

Great job, Maple Valley, using EWI data to impact attendance and long-term positive outcomes for students!

Intermediate School District Develops Communication About Universal Screening

Appropriate and timely communication about district assessments can help foster strong relationships between a school district and the community. However, communicating about assessments can seem like a daunting task. Copper Country ISD has taken some of the work out of this task by creating a template for their districts to use annually to communicate about all screeners being used within the district. This communication includes screeners that are as commonplace as hearing and vision screenings along with screeners related to MTSS such as DIBELS Next, Student Risk Screening Scale and Early Warning Indicators.

See the template [HERE](#).

Great job, Copper Country ISD, for taking the lead and helping the districts you support with communication!

Upcoming Data Coordinator Trainings

Check the [Events page on the MIBLSI website](#) for up-to-date registration and event information.

SWIS Facilitator Training

- August 15-17, 2017 (Cheboygan-Otsego-Presque Isle ESD)
- September 12-14, 2017 (TBD Lansing Area)

- December 12-14, 2017 (TBD Lansing Area)

PBIS Assessment Coordinator Online Module

- Continuously available via Michigan Virtual University's [Professional Learning Portal](#)
- Office Hours: Jennifer Rollenhagen will be offering monthly times to connect live on Adobe Connect for assistance with SWIS, PBIS Assessment, SRSS and the School Climate Survey.
 - April 25, 2017 2:00pm to 3:00pm
 - May 26, 2017 12:00pm to 1:00pm

Student Risk Screening Scale Coordinator Training

- August 31, 2017 (Lansing Crowne Plaza West)
- February 8, 2018 (TBD Lansing Area)

Individual Student Information System SWIS Facilitator Training

- September 20-21, 2017 (Lansing Crowne Plaza West)

EWS Coordinator Training

- October 26, 2017 (TBD Lansing Area)
- Updates to the 2 online modules to be released June 2017

Check In/Check Out SWIS Facilitator Training

- November 13, 2017 12:30-3:30pm (webinar)
- May 23, 2018 12:30-3:30pm (webinar)

DIBELS Next Essential Workshops

- August 8-9, 2017 (Ottawa Area ISD)
- August 9-10, 2017 (Ionia ISD)
- August 15-16, 2017 (Genesee ISD)

Content Area Reading Indicators (CARI) Workshop

- September 12, 2017 (Kent ISD)

DIBELS Next Survey & Pathways of Progress

- September 13, 2017 (Kent ISD)

DIBELS Deep PA/WRD & CFOL

- September 2017 (Date and specific location TBD, Lansing Area)

Reading Tiered Fidelity Inventory Facilitator Training

- Newly Revised! Continuously available via Michigan Virtual University's [Professional Learning Portal](#).

DIBELS Super Institute Discount

Dynamic Measurement Group is hosting the DIBELS Super Institute July 11-13, 2017 in Las Vegas. Michigan educators may be interested in attending if they cannot make one of the MIBLSI-hosted trainings this fall, or to learn about other assessments (e.g., PELI, DIBELS Math) and how to link DIBELS data to instruction. Anyone who from Michigan can use this \$25 discount code when registering: MIBLSI17.
