

## Reading Tiered Fidelity Inventory Reporting System Acceptable Use and Data Sharing Agreement

This document provides information about the Reading Tiered Fidelity Inventory (R-TFI) and the corresponding national reporting system. Districts outside of Michigan interested in using this online reporting system should thoroughly review the agreements outlined below and have someone with executive leadership authority sign.

**Author:** Michigan's Integrated Behavior and Learning Support Initiative (MIBLSI)

**Version:** 1.2

**Date:** May 2019

### Purpose

Michigan's Integrated Behavior and Learning Support Initiative (MIBLSI) designed the Reading Tiered Fidelity Inventory (R-TFI) Reporting System for leadership teams outside of Michigan who are using the R-TFI to support data-based decision making. The R-TFI authors have designed the R-TFI Reporting System to support all R-TFI users to easily store and analyze their R-TFI scores in a way that aligns with the author's intended use.

The R-TFI is the only fidelity measure currently available for elementary and secondary schools to measure the implementation of school-wide reading systems using a Multi-Tiered System of Supports as the framework. Initial research has been conducted to validate the R-TFI and will be continued over the next several years. One purpose of the R-TFI Reporting System is to support multi-state data collection for the ongoing research on the measures' technical adequacy. At this time, districts in Michigan should use MiMTSS rather than the R-TFI Reporting System.

This *R-TFI Reporting System Acceptable Use and Data Sharing Agreement* provides information about who can access the system, how access is managed, appropriate use guidelines, and how to obtain computer/website support. **This agreement must be signed by a central office administrator who has executive leadership authority.** A state-level or regional-level employee cannot sign this form on behalf of all districts in the state or region. A school-level employee (e.g., principal) cannot sign this form to use the R-TFI Reporting System in a single school within a larger district.

## Access

The R-TFI is designed for use across the educational cascade (school, district, regional agency, state). The R-TFI Reporting System is therefore designed for use across the cascade and is available at no cost to districts. Upon signing this form, any data entered into the R-TFI Reporting System will be accessible to all individuals who have been granted the same level of user access or above within your state. In addition, select staff from Michigan’s Integrated Behavior and Learning Support Initiative will be able to access data for the purpose of conducting ongoing research on the R-TFI. Any district data used for this purpose will be stripped of all information that could identify your district and schools. Use of the R-TFI Reporting System is a privilege, not a right. Access is granted and managed at multiple levels.

Table 1. Capabilities of User Roles in the R-TFI Reporting System

Capabilities in the R-TFI Reporting System	School-Level User	District-Level User	State-Level User	System Administrator
Enter School-Level R-TFI Scores	Yes	Yes	Yes	Yes
Access School-Level R-TFI Report	Yes	Yes	Yes	Yes
Access District-Level R-TFI Dashboard		Yes	Yes	Yes
Add School-Level Users		Yes	Yes	Yes
Add District-Level Users				Yes
Add State-Level Users				Yes

Each user accessing the R-TFI Reporting System must adhere to the following guidelines:

1. User will act in a responsible, legal and ethical manner.
2. User will not attempt to harm or destroy data.
3. User will not attempt to access data or any other account owned by another user.
4. User will not use the information in the R-TFI Reporting System for any illegal activity, including violation of Federal and/or State Data Privacy laws. Anyone found to be in violation of these laws may be subject to Civil and/or Criminal prosecution.
5. Users who identify a security problem with the R-TFI Reporting System must notify the Ottawa Area ISD immediately.

Reading Tiered Fidelity Inventory Reporting System Acceptable Use and Data Sharing Agreement (May 2019)  
 Michigan’s Integrated Behavior and Learning Support Initiative (MIBLSI) is a Grant Funded Initiative (GFI),  
 funded under the *Individuals with Disabilities Education Act* (IDEA) through the Michigan Department of Education.

6. Users will not share their login information with anyone.
7. Users will not set their own computer to automatically login to R-TFI Reporting System to protect privacy.

## Technical Requirements

The R-TFI Reporting System is accessible through any internet connection with a modem connection of 56K or higher or any broadband (i.e., cable, DSL, corporate) connection. The system can be viewed using any internet browser on either a Windows-based or Macintosh-based machine. Computer/website assistance can be acquired by contacting the Ottawa Area Intermediate School District Help Desk at either [help@oaisd.org](mailto:help@oaisd.org) or 1-877-702-8600 extension 3000.

## Additional Requirements

After signing up for a free account with [EduPaths](https://edupaths.org), (<https://edupaths.org>), at least one person in your district must successfully complete the 2 online R-TFI courses:

1. R-TFI Overview
2. Facilitating the R-TFI

List individuals who have completed both online courses:

First and Last Name	Email	Completion Date
_____	_____	_____
_____	_____	_____
_____	_____	_____

Alternatively, your district may have accessed in-person training from one of the R-TFI authors (Dr. Kimberly St. Martin, Dr. Melissa Nantais, Dr. Anna Harms). If this is the case, still include the names of participants above and also provide details about the training below:

Training Location (City, State)	Training Date
_____	_____

## Acceptance

I have read and understand the information in this document and agree to allow MIBLSI to set up access to the R-TFI Reporting System for select individuals within my state/district.

By using the R-TFI Reporting System to enter data and generate reports, I am providing approval to share all entered data with my district and state R-TFI Reporting System users, and with Michigan's Integrated Behavior and Learning Support Initiative (MIBLSI) for evaluation and research purposes. All evaluation research projects are in compliance with the Family Education Rights and Privacy Act, (343 CFR 99.31 (6)) and human subjects regulations (Protection of Human Subjects 45 CFR 46). It is further understood that I may withdraw consent at any time for any reason.
