

## Focus Day: Phonics for Reading First Level

The Phonics for Reading series is intended to be an intervention program that provides explicit instruction in phonics as well as phonemic awareness, fluency and comprehension.

Participants will develop an understanding of how the science of teaching reading is embedded into this program. Understanding how to interpret data for program placement and practicing delivering the lesson components are also key components of this training day.

This intervention program supports #3, #4 and #5 of the General Education Leadership Network Grades K to 3 Essentials Instructional Practices in Early Literacy.

### **Target Audience:**

This session is designed for Reading Interventionists and Title 1 Teachers

### **Training Details**

#### **Date**

February 6, 2019
