

I-SWIS Facilitator Certification Training

The I-SWIS Facilitator Training focuses on (a) account and student file set up, (b) data entry and report generation, (c) progress monitoring of individual student data, (d) using I-SWIS data for progress monitoring and accountability, and (e) readiness, compatibility, and licensing for I-SWIS. Certification requirements include attendance for 1.5 days of in-person instruction as well as pre- and post-training requirements.

Target Audience

Becoming an I-SWIS Facilitator was previously limited to individuals already certified as SWIS Facilitators; however, the training is now open to all individuals who meet the following criteria:

- Have knowledge and/or experience using Targeted (Tier II) and Intensive (Tier III) systems of SWPBIS Support (e.g. basic behavioral theory, behavioral assessments, and support planning)
- Have formal time allocated in workload to perform Facilitator duties
- Plan to implement the application(s) with 2 or more schools (in some cases it may be less)
- Meet with *implementing* schools at least 3-5 times in a year to assess school readiness, train staff, and meet with teams to build fluency in using data for decision-making
- Have formal time allocated in workload to complete all certification requirements, including associated activities and full attendance of the in-person sessions
